

I fully support XM radio and the programing they provide me. I don't beleive that the NAB should dictate what I am permitted to hear espically since it is a service I PAY for on a monthly basis.

I respectfully urge the FCC to reject the NAB's petition 04-160 and fully support XM's ability to provide the kind of programming that you demand and deserve.

Thank you - a concerned citizen adn faithful XM subsrciber
